

Doctorate Degree (Ph.D.) *Christian Counseling/ Psychology*

Christian Counseling is providing guidance and instruction based upon the principles set forth in the Bible and taught and adhered to by Jesus Christ. The fundamental tenets of Christian Counseling are: The Bible is the eternal, unchangeable Word of God and provides the sole authoritative source of the model of man and the principles that dictate and govern man's behavior. There is a moral and ethical right and wrong, and these are clearly defined in the Word of God. Man is held accountable to the moral and ethical principles found in the Bible.

The Doctor of Psychology degree is designed for counselors, pastors, and educators who are seeking advanced scholarship and practical competence in Christian counseling and Psychology. This degree emphasizes the presentation of Biblical principles and values while helping those seeking counseling attend to issues of faith and spirituality. The Doctorate of Christian Counseling and Psychology program is recommended for those who have been actively engaged in some form of professional ministry for at least five years and are very familiar with people and the issues of life that they face. This degree is not designed for those just entering the field of ministry or counseling.
