The Christian Ministries Program is designed to develop your abilities and spiritual gifts for leadership and ministries within the church. DBC's Ministry training focuses on God's truth through revelation and illumination in His Word, wisdom and practical insights to help you study God's word and prepare you to teach and share God's word, disciple others, and minister to the specific groups to which you have been called — whether children, youth, adults, families or others.

The Doctorate of Ministry Program is designed for those who are actively engaged in ministry and are seeking to strengthen their, pastoral, ministerial, and executive capabilities. This program will help you gain insight into family and congregational systems, church leadership and administration, and ministry programs within the Church and the basics of Christian outreach for the community. Students will explore the most common spiritual, mental health, and relational issues encountered in ministry, and learn appropriate strategies for care and guidance.
